- (c) take any action or permit any municipality to take any action to impose taxes on any security or any other tax which would have the effect of evading the true intent and purpose of this Agreement, which is to secure the income and corporation tax fields to the Dominion during the term of this Agreement.

(3) The Province may, subject to the provisions of section 20, pass legislation during the term of this Agreement to impose or authorize the municipalities to impose income and corporation taxes, such legislation to come into effect at the expiration of this Agreement.

9.—(1) Notwithstanding anything herein contained, this Agreement shall not be construed as interfering with the right of the Province or the said municipalities to levy and collect taxes, license fees and royalties upon or in respect of natural resources within the Province but any such taxes, license fees and royalties imposed after June 24th, 1940, and increases in taxes, license fees and royalties after the said date will be subject to the provisions of section 6 (o) of the *Income War Tax Act*.

(2) Taxes, license fees and royalties imposed by the enactments enumerated in Appendix C to this Agreement shall be deemed to be upon or in respect of natural resources.

10. The Dominion will pay to the Province in respect of each fiscal year of the Province during the term of the Agreement the sum of \$28,964,039.54 computed as set out in Appendix D less the deductions provided for in sections 11 and 12.

11. From the sum of \$28,964,039.54 payable by the Dominion each year under the provisions of section 10, there shall be deducted from

time to time pursuant to the provisions of section 14, the amount of any income and corporation taxes collected by the Province during the term of this Agreement under the provisions of any of the enactments enumerated in Appendix A, less the amount of any such taxes so collected which are later refunded to the taxpayer pursuant to the provisions of sections 5 and 6: Provided that after the cumulative total of all such deductions amounts to \$28,964,039.54 no further deductions shall be made.

12. The Province shall be entitled to retain out of taxes imposed by the enactments enumerated in Appendix A and collected after March 31st, 1942, an amount equivalent to ten per centum thereof and any amount so retained by the Province shall be excluded when computing the amount to be deducted from the payments by the Dominion under the provisions of section 11: Provided, however, that the provisions of this section shall not apply to taxes collected by the Dominion as agent for the Province.

13. Within sixty days after the date of this Agreement and within sixty days after the close of each quarterly period thereafter ending June 30th, September 30th, December 31st and March 31st, respectively, the Province will submit to the Minister a statement in a form to be mutually agreed upon showing the amount to be deducted pursuant to the provisions of sections 11 and 12 in respect of any taxes collected by the Province during the period covered by such statement. These statements shall be signed by the Provincial Treasurer or by the Controller of Finances and by the Provincial Auditor; Provided that after the cumulative total of the deductions provided for in sections 11 and 12 amounts to \$28,964,039.54 the Province will not be required to submit any further statements to the Minister under this section.

14.—(1) The amount payable by the Dominion under section 10 shall be paid to the Province in each year in quarterly instalments as follows: Fifty per centum of the total shall be paid on June 30th; thirty per centum of the total shall be paid on September 30th; ten per centum of the total shall be paid on December 31st, and ten per centum of the total shall be paid on March 31st.

(2) Notwithstanding the provisions of subsection 1 any quarterly instalments which apply to the period from April 1st, 1941, to the date of this Agreement shall become due and payable within one month of the receipt by the Minister of the statements required under section 13.

(3) From the total of the quarterly instalments payable under the provisions of subsection 2, there shall be deducted in accordance with the provisions of sections 11 and 12, the amount of any taxes collected by the Province from the last day of the year one thousand nine hundred and forty to the last day of the quarterly periods for which the said quarterly instalments are payable.

(4) Subject to the provisions of subsection 5 no deduction shall be made from the quarterly instalment applicable to the first quarterly period ending after the date of this Agreement. From each of the subsequent quarterly instalments there shall be deducted, in accordance with the provisions of sections 11 and 12, the amount of the taxes collected by the Province during the quarterly period immediately preceding the period for which the said quarterly instalment is payable.

(5) If the amount to be deducted in respect of any quarterly period or periods exceeds the amount which would otherwise be payable by the Dominion, the amount of the excess shall be carried forward and deducted from the amount of the succeeding payment or payments which would otherwise be made by the Dominion.

15. Within thirty days from the date of the termination of this Agreement, as provided for in sections 21 and 23 hereof, the Dominion will pay to the Province the total amount deducted from time to time under the provisions of this Agreement.

16.—(1) In this section "net receipts from the gasoline tax" means the total tax receipts collected by the Province on the sale of gasoline

under the provisions of *The Gasoline Tax Act* reduced by the amount of the refunds of such tax lawfully made under the said Act.

(2) Subject to the conditions hereinafter contained the Dominion agrees to pay to the Province at the end of each fiscal year of the Province during the term of this Agreement the amount by which the net receipts from the gasoline tax in such fiscal year is less than the amount of the net receipts from the gasoline tax collected in the year one thousand nine hundred and forty, as set forth in Appendix E.

(3) If the Province,—

(a) amends *The Gasoline Tax Act* or the regulations thereunder; or

(b) fails to exercise due diligence and efficiency in the administration of the said Act and regulations,

the Dominion may, if in the opinion of the Minister the amount of the net receipts from the gasoline tax in any year is reduced below the amount which would have been realized but for such amendment, or but for such failure to exercise due diligence and efficiency in the administration of the said Act and regulations, deduct from the amount payable to the Province in any year under this section the loss in net receipts attributable to such amendment or to such failure to exercise due diligence and efficiency as aforesaid, the said loss having been fairly and reasonably determined as hereinafter provided.

(4) The Minister shall make a fair and reasonable estimate of the loss aforesaid, and the Dominion shall deduct the amount of such estimate from the amount which would otherwise be payable to the Province under this section, and if the Province does not agree that there is any such loss, or that the said estimate is fair and reasonable, the matter in dispute, including the amount of the said loss, if any, shall be determined by a qualified accountant or other suitable person selected by the parties hereto, whose decision shall be final and binding. If the parties are unable to agree upon the selection of a qualified accountant or other suitable person as aforesaid the said matter in dispute and the amount of the said loss, if any, shall be determined by an arbitral tribunal pursuant to section 21 hereof.

17. After the close of each fiscal year of the Province, the Province undertakes to submit to the Minister a statement in a form to be mutually agreed upon, signed by the Treasurer of Ontario or Controller of Finances and by the Provincial Auditor, showing the amount claimed to be payable by the Dominion under the provisions of section 16, payment shall be due one month after the receipt by the Minister of the said statement; Provided that if the Minister is satisfied that the receipts by the Province from gasoline taxes in any quarterly period during the term of this Agreement are substantially less than the amount of the receipts by the Province in the corresponding quarterly period in the year one thousand nine hundred and forty and that the Province will be entitled to payment under section 16 hereof, the Dominion may from time to time during the fiscal year of the Province make advances to the Province on account of the payments provided for in section 16, and if any such advance results in an overpayment by the Dominion to the Province, the Dominion may deduct the amount of such overpayment from any sum or sums payable by the Dominion to the Province under this Agreement.

18. The Province will make available to the Dominion all necessary records and documents and afford reasonable facilities to permit the Dominion to establish the amounts which may be due and payable by the Dominion under section 16 of this Agreement.

19. The Province will make available to the Dominion all necessary records and documents of the Province and afford reasonable facilities to permit the Dominion to establish from time to time the amount of the deductions provided for in section 11.

20.—(1) The Dominion shall have the sole right to levy taxes on personal and corporation incomes of the calendar year ending on the 31st day of December nearest to the date of the termination of this Agreement, and with respect to personal and corporation incomes in the following calendar year undertakes to reduce its rates of taxes by such an amount as will enable the Province again to use the income tax and corporation tax fields, and in particular the Dominion undertakes to reduce its rate of tax on corporation incomes by at least ten per centum of such incomes.

(2) The Province agrees that it will not levy or collect corporation taxes other than income taxes which become due and payable on or before September 1st in the year following the 31st day of December nearest to the date of the termination of this Agreement.

(3) The provisions of this section shall not be operative if the Province terminates this Agreement in accordance with the provisions of subsection 5 of section 23 hereof, or if the Dominion terminates this Agreement in accordance with the provisions of subsection 3 of section 21 hereof.

21.—(1) If the parties hereto fail to agree on the interpretation of any of the provisions of this Agreement or on any matter arising therefrom either party shall have the right to refer the matter in dispute to an arbitral tribunal constituted in accordance with section 22 hereof.

(2) If in the opinion of the Dominion the Province, or any of the said municipalities, imposes or collects any tax in contravention or otherwise fails to observe any of the provisions of this Agreement, the Dominion may refer the matter in dispute to an arbitral tribunal.

(3) If the arbitral tribunal decides that the Province, or any of the said municipalities, has contravened or failed to observe the provisions of this Agreement, the Province will promptly take such action as may be necessary to rectify its position and if in the opinion of the arbitral tribunal it fails to do so, the Dominion may terminate the Agreement or may deduct the amount of any tax so imposed or collected from any sum or sums payable to the Province under this Agreement.

(4) If in the opinion of the Province the Dominion fails to observe any of the provisions of this Agreement, the Province may refer the matter in dispute to an arbitral tribunal.

(5) If the arbitral tribunal decides that the Dominion has contravened or failed to observe the provisions of this Agreement, the Dominion will promptly rectify its position and if in the opinion of the arbitral tribunal it fails to do so, the Province may terminate the Agreement forthwith.

22.—(1) Each arbitral tribunal shall consist of three members of which one member shall be selected by the Government of Canada, one by the Government of Ontario, and the third member by the other two members. If they fail to agree, the third member of the tribunal shall be chosen by the Chief Justice of Canada.

(2) The parties hereto agree to facilitate the constitution and functioning of arbitral tribunals; to supply promptly such information as may be required by such tribunals; and to accept the findings and decisions of such tribunals as final and binding upon them.

(3) The findings of any two members of the tribunal in agreement shall constitute the findings of the tribunal and should more than one item be referred to the tribunal at any one time this rule shall apply with respect to each item.

(4) The procedure in any arbitration under the provisions of this Agreement shall be determined by the arbitral tribunal.

(5) The expenses of any arbitral tribunal constituted under the provisions of this Agreement shall be payable by the Dominion.

23.—(1) This Agreement shall continue in force until and terminate on the last day of the fiscal year of the Province ending nearest to the 31st day of December in the first calendar year which begins after the date of the cessation of hostilities, complete or substantial, between the Dominion of Canada and Germany, Italy and Japan, unless sooner terminated pursuant to the provisions hereof.

(2) The Dominion shall, exercising its best judgment on all the available facts, fairly determine the date of such cessation of hostilities, complete or substantial, and shall thereupon give notice to the Province, specifying such date so determined, which shall thereafter, for the purposes of this Agreement, be deemed to be the date of the cessation of hostilities, complete or substantial, between the Dominion of Canada and Germany, Italy and Japan.

(3) If at any time, no such notice having been given, the Province is of the opinion that the aforesaid hostilities have ceased, completely or substantially, the Province may request the Dominion to call a conference of the Provinces and the Dominion for the purpose of consulting together as to whether the aforesaid hostilities have in fact ceased, completely or substantially, and, if so, on what date. Upon receipt of such request, the Dominion will forthwith call such conference and will thereafter give the notice hereinbefore provided for at such time and specifying such date as the Dominion deems proper having regard to the views expressed at the said conference and to the obligation of the Dominion to exercise its best judgment on all the available facts and fairly to determine the date of the cessation of hostilities, complete or substantial, and to notify the Province thereof.

(4) In any event, such cessation of hostilities shall not for the purposes of this Agreement, be deemed to have taken place later than the date of a proclamation issued by His Majesty or under the authority of the Governor-in-Council, pursuant to section 2 of the *War Measures Act*, declaring that the war no longer exists.

(5) The Province may terminate this Agreement on the 31st day of March of any year, if notice of intention to do so is given in writing to the Minister thirty days before such date.

SCHEDULE A

to An Act respecting The Hydro-Electric Power Commission of Ontario, Steep Rock Iron Mines Limited and The Ontario-Minnesota Pulp and Paper Company Limited.

THIS AGREEMENT made in triplicate the 10th day of April, A.D. 1942;

BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO,
hereinafter called the "Commission"

OF THE FIRST PART

THE ONTARIO-MINNESOTA PULP AND PAPER COMPANY,
LIMITED, hereinafter called the "Company"

OF THE SECOND PART

—and—

THE SEINE RIVER IMPROVEMENT COMPANY, LIMITED,
hereinafter called the "Seine River Company"

OF THE THIRD PART.

WHEREAS the Commission acting under *The Power Commission Act*, R.S.O. 1937, Chapter 62, and amendments thereto, is willing to enter into an agreement for the supply of electrical power on the terms and conditions herein contained;

AND WHEREAS the Company is duly incorporated under the laws of the Province of Ontario and is operating a pulp and paper plant at the Town of Fort Frances in the District of Rainy River, in the Province of Ontario, with head office at the Town of Kenora, in the said Province, and whereas the Seine River Company, a wholly owned subsidiary of the Company, is operating a power plant and development at the head of Steep Rock Lake in the said District of Rainy River, hereinafter referred to as the "Moose Lake Plant", for the purposes of the Company, and is also operating power plants and developments at Calm Lake and Sturgeon Falls with terminal facilities at Fort Frances, all in the said District of Rainy River for the purposes of the Company, the said power plants and developments being hereinafter referred to as the "Seine River Properties"; and whereas Steep Rock Iron Mines Limited, a Company incorporated under the laws of the Province of Ontario, proposes to develop and operate mining properties in the vicinity of the said Moose Lake Plant, and for such purpose proposes to de-water Steep Rock Lake and divert and interfere with the natural flow in the Seine River through Steep Rock Lake, the said diversion and interference and the completed works related thereto being hereinafter referred to as the "Seine Diversion";

AND WHEREAS the Company proposes to acquire substantially the whole of the assets of the Seine River Company and following such acquisition to cause the Seine River Company to be dissolved or liquidated;

AND WHEREAS said Seine Diversion will render it impractical for the Seine River Company to operate its said Moose Lake plant, and it is proposed that the Commission should supply the Company with electric power to replace the power which would otherwise be developed by the Seine River Company at the said Moose Lake plant; which said power is hereinafter called "replacement power";

AND WHEREAS the Seine Diversion will require the cessation of the operation of the Moose Lake plant, and thereby cut off the power which otherwise might be developed by the said plant; and whereas the reopening of the said Moose Lake plant will temporarily interfere with the water-flow at the said Calm Lake and Sturgeon Falls plants, and may thereby partially curtail the development of power by those plants;

AND WHEREAS the Seine Diversion and mining operations will not involve the removal of the said Moose Lake plant, but will prevent the discharge of water from the said plant, and render its use impractical for the generating of power, and it is proposed to maintain the said plant in such condition that its operation may be resumed if and when the said water discharge is again available, and to maintain the electrical equipment therein in operating condition so that the generating units may be utilized to perform the duties of synchronous condensers if so desired;

AND WHEREAS the Commission by an agreement of even date has made arrangements with Steep Rock Iron Mines, Limited, for payment and security therefor in respect of the said replacement power;

AND WHEREAS the Company may desire to take and the Commission may desire to supply power additional to the replacement power upon the terms hereinafter set forth, which said additional power is hereinafter referred to as "supplementary power";

AND WHEREAS to supply power hereunder it will be necessary to utilize a transmission line between the Commission's Port Arthur Transformer Station at or near the City of Port Arthur and the said Moose Lake plant, which said transmission line is to be constructed by the Commission for Steep Rock Iron Mines, Limited, and paid for and owned by Steep Rock Iron Mines, Limited; and it may be desired to install and use synchronous condenser equipment at the said Moose Lake plant or to use generating equipment at the said Moose Lake plant as synchronous condensers, and also to use the facilities of the Seine River Company's other generating plants for such purpose;

AND WHEREAS the said Seine River properties generally consist of three Hydro-Electric plants, commonly known as the Moose Lake, Calm Lake and Sturgeon Falls plants, along the course of the Seine River located upon the parcels of land described in that certain lease (hereinafter referred to as water power lease No. 28) granted by His Majesty the King and dated the 29th day of April, 1927, which lease provides rights of renewal for successive terms of twenty-one years each, the last of such terms to expire on the 31st day of March, 1989;

AND WHEREAS the Commission in an agreement of even date herewith between the Commission and Steep Rock Iron Mines, Limited (hereinafter referred to as "the Steep Rock Company") has undertaken to supply electric power (hereinafter sometimes referred to as Steep Rock power) to the Steep Rock Company for the operations of the latter in dewatering Steep Rock Lake and in mining;

AND WHEREAS the parties have agreed that the foregoing recitals shall be conclusively deemed to be correct and shall not be open to question by any of them as evidenced by their execution of this agreement;

NOW THEREFORE THIS INDENTURE WITNESSETH that in consideration of the premises and the mutual and respective covenants and agreements of the parties and other considerations herein contained the parties hereto covenant, promise and agree as follows:—

1. THE COMMISSION AGREES:

To reserve for and deliver to the Company without charge to the Company up to Ten Thousand Five Hundred Horsepower (10,500 H.P.) subject to variation as hereinafter provided in Clauses 3, 4 and 5 hereof of electrical power and energy as replacement power under the conditions and at the point of delivery herein specified, such delivery to commence on a date and hour to be designated in a written notice to be given to the Company by the Commission (which date and hour are hereinafter referred to as "the Commencement Date"); such notice shall be delivered to the Company at least five (5) days in advance of the Commencement Date therein designated, but shall in no event be given before the Commission is fully prepared to deliver the full requirements of replacement power hereunder, or later than the 1st day of July, 1945 (unless a later date be concurred in by the Company), and in default of the giving of such notice within said period of time or such period of time as extended, this entire agreement shall be of no further force or effect:

2. THE COMPANY AGREES:

That upon receipt by it of the notice given under the conditions set out in Clause 1 hereof, it will regulate the output of the said Moose Lake plant according to the Commission's directions, and will at the appropriate time close, and at all times thereafter cause to be kept closed, until March 31, 1989, or until termination of the rights of the lessee under said water power lease No. 28, or until the Moose Lake plant shall be restored to operation pursuant to the provisions of Clause 28 hereof (whichever shall be the earlier date) the gates in the Moose Lake plant, and in the dam maintained in connection therewith, so as to stop the flow of water through the said plant and dam into Steep Rock Lake, provided, however, that the Company shall not be required to take any such action unless contemporaneously therewith the Commission shall commence delivery of said replacement power at the point of delivery and until the control and operation of the gates of the Seine Diversion shall be turned over to the Company:

3. Notwithstanding Clauses 1 and 2, the parties recognize that there will be a short period of transition from the undisturbed basis of operation of the Seine River properties to the basis which will be established after the Seine Diversion is in operation; it is recognized that during such period the output of the Seine River properties may be interfered with; the parties agree that during such period the Company shall be entitled to receive a maximum amount of replacement power which, together with the quantity from time to time available from the Seine River properties, will be equal to the total amount of power which would have been available had undisturbed conditions continued; the parties agree to co-operate in the various operations involved in this transition to give effect to the foregoing; the transition period shall commence as soon as any interference with the output of the Seine River properties occurs and shall terminate on a date to be fixed by the Commission by notice to the Company, which notice shall be given and which date shall be fixed as early as is reasonably practicable:

4. The Commission agrees that if, in accordance with the provisions of paragraph 4 of a certain agreement of even date herewith between the Company and the Steep Rock Company, and the Seine River Company, it shall be determined as therein provided that the Company is entitled to and the Company shall elect to receive additional replacement power and shall give to the Commission notice of such election, the Commission will furnish such additional replacement power without charge to the Company in such amount as shall be determined in accordance with the provisions of the said agreement, which amount of additional replacement power shall be added to the Ten Thousand Five Hundred Horsepower (10,500 H.P.) agreed to be furnished by the Commission under Clause 1:

5. The Commission agrees that upon the restoration of the Moose Lake plant to operation, pursuant to the notice referred to in Clause 26 hereof or otherwise and until the normal waterflow in the said Seine River through Steep Rock Lake is restored it will continue to furnish replacement power, without charge to the Company, in an amount which shall be equal to the Ten Thousand Five Hundred Horsepower (10,500 H.P.) specified in Clause 1, or Ten Thousand Five Hundred Horsepower (10,500 H.P.) increased in accordance with Clause 4, plus the amount by which the amount of power available from the Calm Lake and Sturgeon Falls plants is reduced on account of said restoration, and minus the amount of power which during the period of restoration shall be available at the Moose Lake plant:

6. In addition to the said replacement power to be supplied pursuant to Clause 1, 3, 4 and 5 inclusive, the Commission also agrees to deliver additional power hereinafter called "supplementary power" to the Company upon the request of the Company from time to time, but only when and in such amounts and for such periods as the Commission is willing to supply and the Company is willing to take it and subject to reduction and/or interruption in whole or in part by the Commission at any and at all times and for such duration of time as the Commission in its sole discretion may from time to time will and direct:

7. The Commission agrees to deliver all power hereunder at the point of delivery herein defined as the 110,000 volt bus in the Company's Moose Lake plant:

8. The Commission agrees to deliver the replacement power as commercially continuous, twenty-four (24) hour power every day in the year except as provided for in this agreement, and to deliver the Supplementary power pursuant to the provisions of clause 6:

9. The Commission agrees that such changes in or additions to the electrical equipment of the Seine River properties as may be required to enable the Company to receive and control power hereunder without interfering with the power operations of the Seine River Company and/or the Company shall be provided and installed by the Commission before the commencement date at the sole expense of the Commission (provided that such equipment shall not thereby become the property of the Seine River Company, its successors or assigns) and to the extent that any such equipment is so provided and installed the same may be removed by the Commission in accordance with the provisions of Clause 20;

The Commission agrees to use at all times first-class, suitable standard commercial apparatus and plant and to exercise all due skill and diligence so that the service rendered to the Company shall be in accordance with appropriate commercial standards:

10. If in any month the Company takes power so that the average or integrated demand for any thirty (30) consecutive minutes is in excess of Ten Thousand Five Hundred Horsepower (10,500 H.P.) or the amount to which the said Ten Thousand Five Hundred Horsepower (10,500 H.P.) has been varied under the provisions of clauses 3, 4 and 5 or any of them such excess shall be deemed to be supplementary power, except to the extent that such taking is due exclusively to inadvertence, accident, exigencies created by operation of systems in parallel, or other cause reasonably beyond the control of the Company. The taking of such excess shall not thereby constitute an obligation on the part of the Commission to reserve and/or deliver power increased to any extent over its obligations under clauses 1, 3, 4 and 5 but for such month the Company shall pay for supplementary power as if such excess had been taken for the whole month, but such payment shall not confer upon the Company any right to take such or any excess power free from the restrictions thereon specified in clause 6:

11. All power delivered under this agreement shall be alternating three-phase having a frequency of approximately Sixty (60) cycles subject to ordinary variations of approximately five percent (5%) and a nominal voltage of approximately One Hundred and Ten Thousand volts (110 kv.) which nominal voltage it is agreed is in magnitude only commercially suitable for the operation in parallel of the Seine River Company's system with that of the Commission;

Because the Seine River Company's system includes generating plants which will be operated in parallel with the Commission's system supplying power hereunder, the Seine River Company agrees to so operate its own plants to the extent possible with its equipment installed, to assist the Commission to maintain at all times the said voltage specified hereinabove; and such other equipment or facilities necessary to enable the Commission to fulfill its obligations hereunder in respect of voltage shall be supplied by the Commission;

If it should be desired by the Commission the Seine River Company shall during the term of this agreement operate and maintain the electric generating units in its said Moose Lake plant as synchronous condensers, charging the Commission the actual cost of converting the said electric generating units for such purpose;

For the purpose of this agreement the word "power" shall mean electrical power and unless the context requires a different meaning shall also mean and include "energy";

One horsepower shall be equivalent to Seven Hundred and Forty-six Watts (746 W.);

12. THE COMPANY AGREES:

(a) To make all payments to be made to the Commission under this agreement in lawful money of the Dominion of Canada, at Toronto, and to pay in monthly payments to the Commission on the Twentieth (20th) day of each month of the calendar for the accrual of the preceding month of the calendar when the Commission shall have rendered the bill therefor on or before the Tenth (10th) day, or if the bill be rendered after the Tenth (10th) day, then Ten (10) days after the date of rendering; provided that all payments in arrears after the said date for payment shall bear interest at the rate of five percent (5%) per annum;

12. (b) At all times to take and use or cause to be taken and used the power in such manner that the power factor (that is, the ratio of the kilowatts to the kilovolt amperes, determined simultaneously at the point of measurement) shall be as near as practicable to that necessary to enable the Commission to deliver the power hereunder at the voltage prescribed in clause 11 hereof, within the limits of the installed equipment of the Company and the Seine River Company;

To control and cause the Seine River Company to control power factor in such manner as is necessary to give effect to the foregoing provisions of this clause 12 (b);

13. THE COMPANY AGREES:

To pay to the Commission in monthly payments for all power delivered to or taken by the Company in any month in the following manner, namely:

- (a) From the greatest average or integrated amount of power delivered to or taken by the Company for any 30 consecutive minutes in any month as determined from the indications of the Commission's metering equipment hereinafter referred to shall be deducted the ten thousand five hundred (10,500) horsepower of replacement power provided for under clause 1 hereof or the amount of replacement power as varied from time to time in accordance with the provisions of clauses 3, 4 and 5 hereof, and the balance of such power shall be deemed to be supplementary power. All supplementary power so determined shall be paid for by the Company at the rate of nineteen dollars (\$19.00) per horsepower per year for the first one thousand (1,000) horsepower thereof, and the rate of twenty-four dollars and twenty cents (\$24.20) per horsepower per year for all such power in excess of the said first one thousand (1,000) horsepower.
- (b) From the total number of kilowatt-hours delivered to or taken by the Company in any month as indicated on the Commission's metering equipment hereinafter referred to shall be deducted an amount of energy which is equivalent to the said greatest average or integrated demand referred to in clause 13 (a) calculated at a monthly load factor of 85%, and the balance shall be deemed to be excess energy hereunder, and shall be paid for by the Company at a rate of three and one-half ($3\frac{1}{2}$) mills per kilowatt-hour.
- (c) Notwithstanding the foregoing provisions of clauses 13 (a) and 13 (b) the Company shall not be obliged in any event to pay to the Commission for replacement power:

14. THE COMPANY AND THE SEINE RIVER COMPANY AGREE:

(a) To take the power covered by this agreement in accordance with the terms hereof and to discontinue or decrease taking supplementary power when required by the Commission to do so, and to prepare for the receipt and use of the said power so as to be able to receive power at the time or times when the Commission is required to deliver the same pursuant to the provisions hereof.

(b) At all times to take and use the electrical power in such manner that the current will be taken from the three phases equally as nearly as

practicable, and in any event with the difference between any two phases not greater than five percent (5%), and if at any time the difference between any two phases be increasing so as likely to exceed, or should exceed the said five percent (5%), to so adjust their load upon instructions from the Commission as to comply with this requirement.

(c) To continue to provide the existing electrical apparatus, equipment and works from the point of delivery, and to maintain and operate the said electrical apparatus, equipment and works in a manner satisfactory to the Commission; provided that the Company shall not be obligated to obtain or furnish any additional electrical apparatus, equipment or works save replacements.

(d) To use at all times suitable standard commercial machinery, plant and works in addition to the said electrical works and to operate and maintain the said machinery, plant and works so as to cause minimum disturbance to or fluctuation in the Commission's power supply, or facilities used by the Commission to supply power hereunder, and to exercise all due skill and diligence so as to secure the satisfactory operation of the machinery, plant and works of the Company along with the said power supply and facilities.

15. (a) Measurement of all power and energy under this agreement shall be made by means of suitable polyphase recording meters; the measuring equipment, including meters, current and potential transformers and other equipment shall be so arranged as to measure and record the said power and energy with commercial accuracy and shall if necessary be provided, installed and maintained commercially correct by the Commission;

(b) The greatest average or integrated amount of power delivered to or taken by the Company for any thirty (30) consecutive minutes in any month determined from coincident readings of the said meters, shall be the horsepower demand and a basis for determining the quantity of power delivered to or taken by the Company in the said month;

(c) The point of measuring the power covered by this agreement shall be as near as practicable to the point of delivery;

(d) Whenever the said measuring equipment is connected at other than the point of delivery the readings shall be subject to correction and shall be corrected to give results such as would be obtained by instruments connected at the point of delivery. Such corrections shall be based upon tests or calculations by the Commission;

(e) The records from the said meters shall be taken and recorded by the Company on forms supplied or approved by the Commission and when and as directed by the Commission. These records shall be dated and forwarded promptly by the Company to the Commission and such records on file with the Commission shall be available to the Company at all reasonable times for inspection and information;

(f) The Company or the Seine River Company shall provide free of charge a safe and suitable location to be approved by the Commission on the premises of the Company or the Seine River Company for the installation of the Commission's measuring equipment; and protective equipment, switching equipment, relays and other terminal equipment provided by Steep Rock Iron Mines, Limited, for the purpose of enabling it to take power from the Commission and/or for the purpose of enabling the Commission to supply power hereunder;

(g) The Commission may test, calibrate, adjust, remove or change said measuring and other equipment or any part thereof at any reasonable time, but when possible the Company shall be advised at least three (3) days in advance of the Commission's intention so to do;

(h) The Company shall have the right to test any such measuring equipment in the presence of a representative of the Commission by giving to the Commission seven (7) days' previous notice in writing of the Company's desire to test such measuring equipment;

(i) The Commission shall repair or replace and retest defective meters or other measuring equipment within a reasonable time; and if at any time there is no meter in service it shall be assumed that the power consumed is the same as for other days in the same month during which a similar load existed;

(j) Access to any measuring equipment and to any apparatus, equipment and works belonging to the Commission, or Steep Rock Iron Mines, Limited, and on the property of the Company shall be free to the representatives of the Commission at any and all times for the purpose of inspection, operation, test, adjustment, repair, alteration, reconstruction and/or removal, and the said representatives may do any of these things;

(k) The kilowatts, kilovolt amperes, kilowatt-hours and all other factors and quantities shall be determined directly or indirectly from measuring equipment provided for in this clause 15, and electrical standards as determined by The National Research Council shall be used as final reference in determining the accuracy of measuring equipment, except that in the event of The National Research Council having no facilities available for calibration of any part or parts thereof, then the Commission's standards shall be used as final reference in determining the accuracy of all such part or parts.

16. (a) The maintenance by the Commission of approximately the agreed voltage at approximately the agreed frequency, at the point of delivery shall constitute the supply of power involved herein, and a fulfilment of all the operating obligations of the Commission under this agreement. It is understood and agreed that in operation of plants in parallel the control of power factor, voltage and delivery of power is to a large extent within the control of the operators in those plants, and the Company and the Seine River Company agree that to the extent that they are able with their equipment installed, and their load, they will so operate their plants and their load as to assist the Commission in fulfilling its obligations hereunder;

(b) In case the Commission shall, at any time or times, be prevented from delivering said replacement power, or any part thereof, by strikes, lockouts, riots, fire, insurrection, hurricane, civil commotion, flood, invasion, explosion, act of God, the King's enemies, order or regulation of the Dominion of Canada, or any other similar cause or causes reasonably beyond its control, then to the extent of such prevention, the Commission shall not be bound to deliver power during such time. The Commission shall be prompt and diligent in removing the cause of such interruption, and as soon as the cause of such interruption is removed, the Commission shall, without any delay, deliver said replacement power as aforesaid;

(c) The Commission shall have the right at all reasonable times and when possible after reasonable notice has been given to the Company to discontinue, to the extent deemed necessary by the Commission, the supply of replacement power hereunder for the purpose of safeguarding life or property or for the purpose of operation, maintenance, replacement or extension of the apparatus, equipment or works used for the delivery of power hereunder, but all such interruptions shall be of a minimum duration and when possible arranged for at a time least objectionable to the Company; and the Company shall not thereby be released from any obligation under this agreement;

(d) If the Company or the Seine River Company at any time fail in the performance of any of their obligations affecting electrical operation under this agreement, including without limiting the generality of the foregoing, taking power in excess of the maximum hereunder or taking supplementary power when requested by the Commission not to take such power, the Commission may give notice thereof to the Company or to the Seine River Company, which notice may be given by telephone to an employee of the Company or the Seine River Company by a representative of the Commission and the Company or the Seine River Company shall immediately remedy the said failure; in case of continued failure, then the Commission may discontinue delivery to the Company of all power or of any part thereof, and shall not be obliged to resume delivery to the Company until the Company shall have given to the Commission sufficient

assurance that such failure will not recur; in such case the Company shall not be entitled to any allowance for power not delivered nor be relieved of any obligation under this agreement;

17. The Company and the Seine River Company hereby grant to the Commission the right and wayleave or easement to use at all times free of cost or rent so much of their respective lands as may be necessary or expedient to the Commission for the supply of power to the Company, the location thereof to be satisfactory to the Company; the said rights, wayleaves and easements to be for the term of this agreement and thereafter until ninety (90) days' written notice from the Company to remove the Commission's works shall have been given and shall have expired; If the Company requires relocation of the Commission's works, the Company shall furnish on its lands an equivalent location; The Commission shall do the work of relocation and the Company shall pay the cost up to the extent such works supply power to the Company:

18. One or more representatives or engineers of the Commission appointed for this purpose, may at any reasonable time during the continuance of this agreement, have access to the Seine River Company's premises to inspect the works therein for the purposes hereof and to take records therefrom as required hereunder, and may do any of these things.

19. The Company and the Seine River Company shall assume all risk of and liability for and be responsible for any and all injury, damage and loss to property of the Commission on the premises of the Company or the Seine River Company respectively, or to any other property on the said premises or to any person or persons (including loss of life) on the said premises, other than employees of the Commission, which shall have been due to power under this agreement, or due to the said Commission property, save to the extent that same shall have been due to the negligence or default of the Commission; The Company and the Seine River Company shall indemnify the Commission and save it harmless from all such injury, damage or loss and all actions, suits, claims, costs, charges and expenses in connection therewith:

20. The Commission shall be entitled at any time prior to the expiration of ninety (90) days' notice in writing from the Company delivered after the termination of this agreement and the last extension thereof to remove from the premises of the Company and the Seine River Company, any and all apparatus, equipment and works which may have been installed by the Commission under or in connection with this agreement:

21. If after termination of this agreement power be taken by the Company from the Commission without a new agreement, such power shall be delivered, taken and paid for in accordance with the provisions set out in this agreement, provided that replacement power should be paid for at a rate to be agreed upon on the following conditions; such delivery shall not be deemed to renew or extend this agreement or to give the Company any claim or right to power or to place any obligation or liability on the Commission and the Commission may discontinue delivery of such power at any time without notice, and the Commission shall be under no obligation or liability to the Company and the Company shall not be obliged to take power after the termination of this agreement:

22. Any waiver by any party or failure by it to exercise its rights or enforce any of its remedies hereunder shall be limited to the particular instance and shall not operate or be deemed to waive any other right or remedy or extend to any other matter under this agreement, or in any other way affect the validity of this agreement or estop such party from pursuing any other remedy it may have and all rights and remedies of either party may be exercised and continued concurrently or separately:

23. In case any disagreement, dispute, difference or question shall at any time hereafter arise between the Commission and the Company in respect to the construction of this agreement or concerning anything herein contained or hereby provided for or arising herefrom or as to the rights, liabilities or duties of the Commission and the Company and the Seine River Company or any of them, the same shall forthwith be referred to arbitration under *The Arbitration Act* of the Province of Ontario and shall

be determined in accordance with and subject to the provisions of *The Arbitration Act* of the Province of Ontario, or any statutory modification or re-enactment thereof for the time being in force, and shall be determined in accordance with the laws of the Province of Ontario and when possible in a summary manner. The findings of the arbitrator or arbitrators shall be final and binding upon the Commission and the Company and the Seine River Company respectively, except that any of them may appeal from, move to set aside, vary or refer back any award as provided in the said Arbitration Act, and that the right of appeal to the Supreme Court of Canada and to the Privy Council shall not be limited; No such disagreement, dispute, difference or question shall entitle the Commission (pending the determination of the dispute by arbitration as aforesaid) to withhold delivery of replacement power:

24. The Commission hereby consents to the conveyance and transfer of the assets of the Seine River Company to the Company subject to the assumption by the Company of the obligations of the Seine River Company to the Commission under the provisions of this agreement; and upon the Company furnishing the Commission with evidence that the Company has acquired the assets of the Seine River Company on the terms aforesaid the direct obligation of the Company shall thereupon be substituted for the obligations of the Seine River Company hereunder without further formality; and the Seine River Company shall upon the furnishing of such evidence be and be deemed to have been released from all further obligations or liability under this agreement, and the Company shall thereupon succeed to all the rights and obligations of the Seine River Company under this agreement and where the context permits reference to the Seine River Company herein shall be construed as if the Company alone were named, and the provisions of this agreement shall be deemed to have been amended accordingly; The Commission hereby consents, upon such conveyance and transfer being made, to the surrender of the charter or other dissolution of the Seine River Company, and further agrees with the Company to furnish such additional consent or release of the Seine River Company as the Company may require for the purposes aforesaid.

25. As further consideration for the entering into of this agreement by the Company and in order to assure to the Company full reimbursement of all loss, costs, damages and expenses which the Company may incur or suffer by reason of the Seine diversion arising out of taxes, assessments, levies or charges as hereinafter referred to, the Commission agrees from time to time to pay to the Company on demand without right of reimbursement such sum or sums as may be equal to any and all present or future taxes (including sales taxes) assessments, levies or charges, governmental, municipal or otherwise, which may be imposed on or become payable by the Company, or which may be imposed on or become payable by the Commission and/or others, and become payable by the Company or which would otherwise increase the burden of the Company in respect of its requirements for replacement power hereunder; and which would not have been imposed on or become payable by the Company or otherwise have increased the burden of the Company in respect of the receipt by it of replacement power, if it had been generating such power for its own use by means of a plant wholly owned and operated by it;

The foregoing shall not apply or relate to the supply of supplementary power and/or excess energy:

26. The delivery of replacement power hereunder when commenced shall be continuous until March 31, 1989, or until the rights of the Lessee as from time to time renewed under said water power lease No. 28 shall have expired or until the Moose Lake plant shall be restored to operation pursuant to the provisions of clause 28 hereof or so long as the Company or any successor or transferee thereof shall require such power for its use or that of others, whichever shall be the earliest date; provided that the Commission shall be relieved of its obligation to furnish power hereunder if and when the Commission shall give notice to the Company, or to any successor or transferee thereof who may at the time be the owner of the said Seine River properties directing and requesting that the Moose Lake plant be restored to operation and the Commission shall have fully complied with its obligations under the provisions of clause 5.

27. In the event that the Commission shall give the notice referred to in clause 26 hereof, it shall be obligated, at its own cost and expense, to hold harmless, defend and protect the corporation or person to whom such notice is given against any and all claims and/or suits of every character by whomsoever asserted on account of the flowing of water pursuant to said notice through the Moose Lake plant into Steep Rock Lake and upon properties affected thereby, or on account of the reduction in or discontinuance of the flow of water through the Seine diversion, occasioned thereby, and against all loss, costs, damages and expenses arising from such claims and suits; and shall forthwith remove or cause to be removed, without cost or expense to the Company or to its successors or assigns, any obstruction or works which may have been placed in Steep Rock Lake or at its outlet in connection with the dewatering of said lake or with mining operations therein which affect the restoration of the normal flow of Seine River waters through said lake.

28. The Company agrees that upon receipt of the notice referred to in clause 26 hereof it will forthwith cause the Moose Lake plant to be restored to operation, or in the event it shall be restrained from so doing by Court or Governmental order it will, upon such restriction being removed, forthwith cause the Moose Lake plant to be restored to operation.

29. Wherever in this agreement it is provided that notice may be given by either party to the other, such notice shall be in writing, shall be signed by the party giving such notice, and if such party is a corporation, by an officer thereof, and shall be deemed given to the party to whom such notice is directed when delivered at the address of such party given below, and a copy thereof shall have been forwarded by registered mail addressed to the party to whom such notice is directed; Until otherwise directed by the respective parties, notices to the Company or to the Seine River Company shall be addressed as follows:

The Ontario-Minnesota Pulp and Paper Company, Limited,
1100 Builders Exchange Building,
Minneapolis, Minnesota.

and notices to the Commission shall be addressed as follows:

The Hydro-Electric Power Commission of Ontario,
620 University Avenue,
Toronto, Ontario.

provided that the provisions of the within clause shall not apply to the notice referred to in clauses 15 (h) and 16 (d) hereof.

30. The Commission agrees that, so long as the operation of the Moose Lake plant shall be suspended under the terms of the within agreement, the Company, or any corporation or person succeeding to its ownership of the Seine River properties, shall have the continued right to operate and control the gates of the Seine Diversion, and thereafter until the normal balanced flow of the Seine River through Steep Rock Lake is restored shall together with the Commission have joint control of such gates; such operation and control to be at the sole expense of the Company, or of its successor or transferee, but with the obligation on the Commission to maintain or cause to be maintained the said gates and the control works and water passages of the Seine Diversion during the period within which the operation of the Moose Lake plant shall be suspended hereunder. At the expiration of the aforesaid period of joint control the Commission shall cause the Seine Diversion to be permanently closed against the discharge through said Seine Diversion of the waters of Moose Lake;

The Commission agrees that at all times during the period when the normal waterflow in the Seine River is being restored it will co-operate with the Company and the Seine River Company to prevent to the greatest extent possible interference with the output of the said Seine River properties:

31. This agreement shall not become binding upon the parties unless and until an Act of the Legislature of the Province of Ontario shall be

passed at the present session of the Legislature confirming and validating this agreement and certain other agreements of even date, short particulars of which are as follows:

- (a) Contract between The Hydro-Electric Power Commission of Ontario and Steep Rock Iron Mines, Limited dated the 10th day of April, 1942 relating to the supply of power to Steep Rock Iron Mines, Limited, and other matters as therein provided;
- (b) Contract between The Hydro-Electric Power Commission of Ontario and Steep Rock Iron Mines, Limited dated the 10th day of April, 1942, relating to the construction of a power transmission line, the furnishing of security by Steep Rock Iron Mines, Limited to The Hydro-Electric Power Commission of Ontario, and other matters as therein provided;

—and given Royal Assent, whereupon this agreement shall be binding and shall have effect in accordance with its terms.

Provided that when this agreement shall have become binding in accordance with the foregoing provision it shall remain in force for the period during which the Commission is required to deliver power under the provisions hereof:

32. This agreement shall extend to, be binding upon and enure to the benefit of the parties hereto and their successors and assigns respectively:

IN WITNESS WHEREOF the parties hereto have caused this agreement to be executed, attested by the affixing of their corporate seals and by the signatures of their proper officers.

SCHEDULE B

to An Act respecting The Hydro-Electric Power Commission of Ontario, Steep Rock Iron Mines Limited and The Ontario-Minnesota Pulp and Paper Company Limited.

THIS AGREEMENT made in duplicate this 10th day of April, A.D. 1942;

BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO,
hereinafter called the "Commission"

OF THE FIRST PART

—and—

STEEP ROCK IRON MINES LIMITED, hereinafter called the
"Customer"

OF THE SECOND PART

WHEREAS the Commission acting under *The Power Commission Act* R.S.O. 1937, Chapter 62 and amendments thereto, is willing to enter into an agreement for the supply of electrical power on the terms and conditions herein contained, the said agreement to be known as the Steep Rock Power Agreement;

AND WHEREAS the Customer has applied to the Commission for a supply of electrical power under the said Act and amendments thereto;

AND WHEREAS the Customer is duly incorporated under the laws of the Province of Ontario and proposes to carry on the business of mining and metallurgy with mining properties in the vicinity of Steep Rock Lake, in the District of Rainy River, with head office at Toronto;

AND WHEREAS for the purpose of enabling its said mining operations to be conducted the Customer proposes to dewater Steep Rock Lake and for that purpose will require power which is hereinafter referred to as "Development Power", in addition to power required for mining operations which is hereinafter referred to as "Operation Power";

NOW THEREFORE THIS AGREEMENT WITNESSETH that for the considerations herein contained the parties hereto covenant, promise and agree as follows:—

1. THE COMMISSION AGREES:

(a) To reserve for and deliver to the Customer six thousand horsepower (6,000 h.p.) of Development Power under the conditions and at the point of delivery herein specified when the Customer's preliminary development operations have progressed to such extent that the normal waterflow in the Seine River Watershed has been interfered with thereby, which said date is called the "Commencement Date" and is tentatively fixed as July 1st, 1943, and continuing until entirely eliminated under the provisions of clause 3;

1. (b) To reserve for and deliver to the Customer under the same conditions and at the same point of delivery three thousand horsepower (3,000 h.p.) of Operation Power commencing when the Customer begins its mining operations at the said mining properties, which date is tentatively fixed as July 1st, 1944, and continuing while this agreement remains in force, which shall be the limit of amount until increased as hereinafter provided;

1. (c) To reserve for and deliver to the Customer under the same conditions and at the same point of delivery additional Operation Power

up to two thousand horsepower (2,000 h.p.) more in blocks of fifty horsepower (50 h.p.) each, or multiples thereof, on the expiration of thirty (30) days after request in writing therefor, until a total amount of five thousand horsepower (5,000 h.p.) of Operation Power shall have been reached which shall be the maximum of Operation Power under this agreement;

1. (d) Notwithstanding the foregoing the Commission shall not be obliged to reserve for the Customer at any time a total of Development Power and Operation Power exceeding nine thousand horsepower (9,000 h.p.), it being the understanding between the parties that as the completion of the Customer's development work progresses it will reduce its requirements of Development Power under the provisions of clause 3, and that at some stage of the development work it will have commenced its mining operations, thereby making its requirements of Development Power and Operation Power concurrent, for a time, but the Development Power subsequently decreasing and Operation Power increasing:

2. THE COMMISSION AGREES:

(a) To deliver power at the point of delivery herein defined as the one hundred and ten thousand volt (110,000 V) bus in the Commission's Port Arthur Transformer Station at or near the City of Port Arthur in the Province of Ontario;

2. (b) To deliver commercially continuous twenty-four (24) hour power every day in the year except as provided for in this agreement;

2. (c) To use at all times first-class, suitable standard commercial apparatus and plant, and to exercise all due skill and diligence so that the service rendered to the Customer shall be in accordance with appropriate commercial standards:

3. If in any month after the Customer shall have ceased to take Development Power by reducing such Development Power in accordance with the provisions hereinafter written the Customer takes power so that the average or integrated demand for any ten consecutive minutes is in excess of the limit of Operation Power then in force, the taking of such excess, except to the extent that such taking is due exclusively to inadvertence, accident or any other cause beyond the control of the Customer, shall thereafter constitute an obligation on the part of the Customer to pay for and on the part of the Commission to hold in reserve and deliver Operation Power increased by such excess to the extent if any allowed by the Commission, all in accordance with the terms and conditions of this agreement thereby establishing a new limit of Operation Power, but in no case shall the whole amount of such Operation Power including the said increase, exceed the maximum of Operation Power under this agreement; in any event the Customer shall pay for power during the said month as if such excess, whether or not beyond the said maximum of Operation Power had been taken for the whole month;

The Customer shall reduce the amount of Development Power which the Commission is obliged to hold in reserve and deliver to it according as its necessary requirements of Development Power are decreased as the work progresses, by delivering to the Commission notice in writing one month or more prior to the date that such reduction is to come into effect, and in any event shall be deemed to have reduced its taking of Development Power to zero not later than two (2) years from the Commencement Date. All power taken by the Customer thereafter shall be deemed to be Operation Power, provided however that the Commission shall not be obliged to reserve for and/or deliver to the Customer at any time more than the said maximum amount of Operation Power specified in clause 1 (c).

4. All power delivered under this agreement shall be alternating, three-phase, having a frequency of approximately sixty (60) cycles per second and a nominal voltage of approximately one hundred and ten thousand (110,000) volts subject to ordinary variations from the said voltage of approximately ten percent (10%) and from the said frequency of approximately five percent (5%);

For the purpose of this agreement the word "power" shall mean electrical power and unless the context requires a different meaning shall also mean and include "energy";

One horsepower shall be equivalent to seven hundred and forty-six watts (746 w.).

5. THE CUSTOMER AGREES:

(a) To make all payments to be made to the Commission under this agreement in lawful money of Canada, at Toronto, and to pay in monthly payments to the Commission on the twentieth day of each month of the calendar for the accrual of the preceding month of the calendar when the Commission shall have rendered the bill therefor on or before the tenth day, or if the bill be rendered after the tenth day, then ten (10) days after the date of rendering; provided that all payments in arrears after the said dates for payment shall bear interest at the rate of five percent (5%) per annum; provided, further, that if any bill remains unpaid for thirty (30) days after the date of receipt thereof the Commission may, in addition to all other remedies and without notice, discontinue the supply of power to the Customer until the said bill is paid and no such discontinuance by the Commission shall relieve the Customer from the performance of the covenants, provisoes and conditions herein contained;

5. (b) If in any month power is taken in such manner that eighty-five percent (85%) of the maximum kilovolt amperes as determined at the point of measurement is greater than the maximum kilowatts as determined at the same point, then for that month eighty-five percent (85%) of the said maximum kilovolt amperes shall for the purposes of billing be considered to be the true kilowatts. For the purpose of this clause the maximum in kilovolt amperes and in kilowatts shall each be the maximum average or integrated demand in any ten (10) consecutive minutes in the month."

5. (c) To pay to the Commission in monthly payments according to the following schedule of horsepower rates, namely,—

Nineteen Dollars (\$19.00) per horsepower per annum;

all based on the maximum ten (10) minute integrated demand and eighty-five percent (85%) minimum power factor as provided in this agreement, which shall be applied as if the maximum ten (10) minute integrated demand corrected for eighty-five percent (85%) minimum power factor had been taken for the whole month, subject always to the minimum in this agreement provided; provided that the amount in horsepower each month determined from the said maximum ten (10) minute integrated demand corrected for the said minimum power factor shall be the horsepower demand for the month;

In addition to payment at the said horsepower rate to pay to the Commission in monthly payments at the rate of three decimal five (3.5) mills which is seven-twentieths (7/20ths) of a cent per kilowatt-hour for all energy taken in excess of the energy equivalent to the amount of power for which the Customer is paying at a monthly load factor of eighty-five percent (85%):

5. (d) After the Customer has ceased to take Development Power hereunder, and is taking, or is deemed to be taking Operation Power only to pay to the Commission for each month as a minimum for seventy-five percent (75%) of the greatest amount of power held in reserve for the Customer during any previous month after the Customer shall have ceased to take Development Power, except during the first month after such cessation during which said month the minimum shall be seventy-five percent (75%) of the amount of power reserved for the Customer during such month, provided however that in any event the Customer shall pay to the Commission for each month as a minimum for two thousand, two hundred and fifty horsepower (2,250 h.p.) all subject to clause 8.

6. THE CUSTOMER AGREES:

(a) To take the power covered by this agreement in accordance with the terms hereof and to prepare for the receipt and use of the said power so as to be able to receive power on the Commencement Date.

6. (b) To take power exclusively from the Commission during the continuance of this agreement and not to sell or dispose of the said power or any part thereof directly or indirectly without the written consent of the Commission; and not to use the said power hereunder for electric steam boiler operation or for the heating of buildings;

6. (c) At all times to take and use the power in such manner that the ratio of the kilowatts to the kilovolt amperes (read simultaneously) is as near unity as practicable;

6. (d) At all times to take and use the electrical power in such manner that the current will be taken from the three phases equally as nearly as practicable and in any event with the difference between any two phases not greater than five percent (5%); Provided that if at any time the difference between any two phases should exceed the said five percent (5%) or if the said difference be increasing so that it is likely to do so the Customer upon instructions from the Commission shall so adjust the Customer's load as to comply with this requirement;

6. (e) To provide a suitable transformer station; before starting construction to obtain Commission approval of such plans, drawings and specifications thereof as the Commission may require, and to supply all other electrical apparatus, equipment and works from the point of delivery, all subject to the approval of the Commission, and to construct, install, maintain and operate the said station and all other electrical apparatus, equipment and works in a manner satisfactory to the Commission;

PROVIDED that the Commission shall not be obliged to deliver power under this agreement until its approval has been obtained under the requirements of this clause but such approval shall not be unreasonably withheld or delayed;

6. (f) To use at all times suitable standard commercial machinery, plant and works in addition to the said electrical works and to operate and maintain the said machinery, plant and works so as to cause minimum disturbance to or fluctuation in the Commission's power supply or system and to exercise all due skill and diligence so as to secure the satisfactory operation of the machinery, plant and works of the Customer along with the power supply and system of the Commission;

7. (a) Measurement of all power and energy under this agreement shall be made by means of suitable polyphase recording meters; the measuring equipment including meters, current and potential transformers and other equipment shall be so arranged as to measure and record the said power and energy with commercial accuracy and shall be provided, installed and maintained commercially correct by the Commission;

7. (b) The greatest average or integrated amount of power delivered to or taken by the Customer for any ten (10) consecutive minutes in any month determined from coincident readings of the said meters, subject to power factor correction, shall be the horsepower demand and a basis for determining the quantity of power delivered to or taken by the Customer in the said month;

7. (c) The point of measurement of the power covered by this agreement shall be at the terminus of the Customer's one hundred and ten thousand volt (110,000 V) transmission line in or immediately adjacent to the existing Moose Lake Plant of The Seine River Improvement Company Limited;

7. (d) Should such measuring equipment be connected at other than the point of measurement then the readings of such measuring equipment shall be subject to a correction or adjustment to give readings such as would have been obtained if said measuring equipment had been connected at the said point of measurement; but when connected at the point of measure-

ment shall not be subject to correction because of being connected at other than the point of delivery, it being understood that this correction has been provided for in establishing the rate specified in clause 5 (c);

7. (e) The records from the said meters shall be taken and recorded by the Customer on forms supplied or approved by the Commission and when and as directed by the Commission; these records shall be dated and forwarded promptly by the Customer to the Commission and such records on file with the Commission shall be available to the Customer at all reasonable times for inspection and information;

7. (f) The Customer shall if necessary provide free of charge a safe and suitable location, to be approved by the Commission on the premises of the Customer, for the installation of the Commission's measuring equipment and no rental or other charge or claim shall be made to the Commission for the location of the said measuring equipment on the Customer's premises. If relocation of the said measuring equipment shall at any time or times during the term of this agreement become necessary the Customer shall bear the cost and expense thereof;

7. (g) The Commission may test, calibrate, adjust, remove or change said measuring equipment or any part thereof at any reasonable time, but when possible the Customer shall be advised at least three (3) days in advance of the Commission's intention so to do;

7. (h) The Customer shall have the right to test any such measuring equipment in the presence of a representative of the Commission by giving to the Commission seven (7) days' previous notice in writing of the Customer's desire to test such measuring equipment;

7. (i) The Commission shall repair or replace and retest defective meters or other measuring equipment within a reasonable time; and if at any time there is no meter in service it shall be assumed that the power consumed is the same as for other days in the same month during which a similar load existed;

7. (j) Access to any measuring equipment and to any apparatus, equipment and works belonging to the Commission and on the property of the Customer shall be free to the representatives of the Commission at any and all times for the purpose of inspection, operation, test, adjustment, repair, alteration, reconstruction and/or removal, and the said representatives may do any of these things;

7. (k) The kilowatts, kilowatt-hours, kilovolt amperes and all other factors and quantities shall be determined directly or indirectly from measuring equipment provided for in this clause 7, and electrical standards as determined by The National Research Council shall be used as final reference in determining the accuracy of measuring equipment: except that in the event of The National Research Council having no facilities available for calibration of any part or parts thereof, then the Commission's standards shall be used as final reference in determining the accuracy of all such part or parts:

8. (a) The maintenance by the Commission of approximately the agreed voltage at approximately the agreed frequency, at the point of delivery shall constitute the supply of power involved herein and a fulfilment of all the operating obligations of the Commission under this agreement, and when the voltage and the frequency are maintained within the limits provided in clause 4, the amount of power, its fluctuations, load factor, power factor, distribution as to phases and all other characteristics and qualities at the point of measurement are under the sole control of the Customer and the Customer's agents, apparatus, equipment and works;

8. (b) In case the Commission shall at any time or times be prevented from delivering said power or any part thereof by any cause reasonably beyond the Commission's control including without limiting the generality thereof, strike, lockout, riot, fire, insurrection, hurricane, civil commotion, flood, invasion, explosion, the King's enemies and act of God, then the Commission shall not be bound to deliver power during such time and the Customer shall be allowed an adjustment in payment for power as herein-

after provided, but the Customer shall not otherwise be released from any obligation under this agreement; the Commission shall be prompt and diligent in removing the cause of such interruption and as soon as the cause of such interruption is removed the Commission shall without delay deliver power and the Customer shall take and pay for the same all in accordance with this agreement;

8. (c) The Commission shall have the right at all reasonable times, and when possible, after reasonable notice has been given to the Customer, to discontinue to the extent deemed necessary by the Commission, the supply of power to the Customer for the purpose of safeguarding life or property or for the purpose of operation, maintenance, replacement or extension of the apparatus, equipment or works necessary for the delivery of power hereunder but all such interruptions shall be of minimum duration and when possible arranged for at a time least objectionable to the Customer; the Customer shall be allowed an adjustment in payment for power as hereinafter provided, but the Customer shall not otherwise be released from any obligation under this agreement;

For interruptions under this subclause or under the preceding subclause dealing with causes reasonably beyond the Commission's control, the adjustment in payment for power to be allowed to the Customer shall be determined as follows:—(a) for total interruptions the amount used as basis shall be the amount of the horsepower demand for that month on which the Customer would otherwise be required to pay; (b) for partial interruptions the amount used as basis shall be the amount of the said horsepower demand less the average amount in horsepower of power taken by the Customer during the interruption; in every case the amount of horsepower to be used for adjustment shall be the amount used as basis averaged over the whole month in the ratio of the length of time of the interruption to the total time in the month; provided that no adjustment shall be allowed in respect of any interruption lasting less than three minutes when the aggregate time of all interruptions in any month does not exceed a total of twenty (20) minutes or in respect of interruptions occurring within a period in which the Customer is not using power for operation;

8. (d) If the Customer at any time fails in the performance of any of its obligations affecting electrical operation under this agreement including, without limiting the generality of the foregoing, taking power in excess of the maximum under this agreement or of the limit of amount of Operation Power then in force, or failing to operate as required in this agreement, then the Commission may give notice thereof to the Customer, which notice may be given by telephone to an employee of the Customer by a representative of the Commission and the Customer shall immediately remedy the said failure; in case of continued failure for more than fifteen (15) minutes after notice, then the Commission may discontinue delivery to the Customer of all power or of any part thereof and shall not be obliged to resume delivery to the Customer until the Customer shall have given to the Commission sufficient assurance that such failure will not recur; in such case the Customer shall not be entitled to any allowance for power not delivered nor be relieved of any obligation under this agreement; the Customer shall forthwith designate in writing to the Commission to what employee the said notice under this subclause 8 (d) is to be given, and in default of such designation or in the event of the said employee not being immediately available to receive such notice the said notice may be given by telephone or otherwise to any other employee of the Customer:

9. The Customer hereby grants to the Commission the right and wayleave or easement to use at all times free of cost or rent so much of the Customer's lands as may be necessary or expedient to the Commission for the supply of power to the Customer, and for the measurement thereof and/or other purposes of this agreement, all during the period this agreement remains in force and thereafter until ninety (90) days' written notice from the Customer to remove the Commission's works shall have been given and shall have expired; if at any time or times the Commission shall be required by the Customer to change the location of any of the said works or equipment, the Customer shall provide another suitable location therefor and the Customer shall pay the cost of such change of location.

10. One or more representatives or engineers of the Commission appointed for this purpose may at any reasonable time during the continuance of this agreement, have access to the premises of the Customer for the purpose of inspecting the electrical works and property of the Customer and of taking records therefrom as required and may do any of these things:

11. The Customer shall assume all risk of and liability for and be responsible for (a) any and all injury, damage and loss to property of the Commission on the premises of the Customer to the extent that the same is due to the neglect or default of the Customer, its servants or agents, and (b) any and all injury, damage and loss to property of the Customer or to any other property on the said premises or to any person or persons (including loss of life) on the said premises, other than employees of the Commission, which shall have been due to power under this agreement or due to the said Commission property, save to the extent that same shall have been due to the negligence or default of the Commission, its servants or agents; the Customer shall indemnify the Commission and save it harmless from all such injury, damage or loss and all actions, suits, claims, costs, charges and expenses in connection therewith:

12. The Commission shall be entitled at any time prior to the expiration of ninety (90) days' notice in writing from the Customer delivered after the termination of this agreement and the last extension thereof to remove from the premises of the Customer, any and all apparatus, equipment and works which may have been installed by the Commission under or in connection with this agreement:

13. If after termination of this agreement power be taken by the Customer from the Commission without a new agreement, such power shall be delivered, taken and paid for in accordance with the provisions set out in this agreement but only on the following conditions; such delivery shall not be deemed to renew or extend this agreement or to give the Customer any claim or right to power or to place any obligation or liability on the Commission and the Commission may discontinue delivery of such power at any time without notice, and the Commission shall be under no obligation or liability to the Customer:

14. Any waiver by the Commission or the Customer or either of them or failure by either of them to exercise their respective rights or enforce their respective remedies shall be limited to the particular instance and shall not operate or be deemed to waive any other right or remedy or extend to any other matter under this agreement or in any other way affect the validity of this agreement; the exercise by the Commission or the Customer of any remedy provided in this agreement shall not prevent or estop the Commission or the Customer respectively from pursuing any other remedy it may have and all the respective rights and remedies of the Commission and the Customer may be exercised and continued concurrently or separately:

15. This agreement shall extend to, be binding upon and enure to the benefit of the Commission and the Customer and their successors and assigns respectively:

16. In case of any dispute arising between the parties hereto relative to the fulfilment of any of the terms, provisoes or conditions of this agreement, or as to the method or accuracy of the measurement of power or any other question which may arise under this agreement, the same shall be immediately referred to arbitration under The Arbitration Act of the Province of Ontario, and shall be determined in accordance with the laws of the Province of Ontario, and the findings of the arbitrator or arbitrators so appointed shall be final and binding upon both parties hereto, except that either party may appeal from, move to set aside, vary or refer back an award of the arbitrators and may proceed therein to the Supreme Court of Canada and the Privy Council, or either of them:

17. If the Customer fails at any time in the performance of any obligation under this agreement the Commission without terminating the agreement may without notice and without liability therefor discontinue delivery of power to the Customer, but no such discontinuance shall relieve

the Customer from any obligation under this agreement or lessen or change any of the Customer's obligations; the Commission shall not be obliged to resume delivery of power to the Customer until the Customer shall have given to the Commission sufficient assurance that such failure will not recur; and if the Customer continues in default in the performance of such obligation under this agreement the Commission may at its option mail postage prepaid to the Customer at the last known address of its head office a notice that unless the said obligation is completely fulfilled within five (5) days after the mailing of the said notice the contract will be deemed terminated; if after mailing of the said notice the Customer continues in default in respect of the said obligation beyond the said period specified in the said notice for fulfilment of its obligation this agreement shall thereupon terminate:

18. This agreement shall not become binding upon the parties unless and until an Act of the Legislature of the Province of Ontario shall be passed at the present session of the Legislature confirming and validating this agreement and certain other agreements of even date, short particulars of which are as follows:

- (a) contract between The Hydro-Electric Power Commission of Ontario and The Ontario-Minnesota Pulp and Paper Company Limited and The Seine River Improvement Company Limited dated the 10th day of April, 1942, relating to the supply of power to The Ontario-Minnesota Pulp and Paper Company Limited and other matters as therein provided;

and given Royal Assent, whereupon this agreement shall become binding and shall have effect in accordance with its terms.

Provided that when this agreement has become binding in accordance with the foregoing it shall continue in force for the mining life of the mining properties to which power shall at any time have been supplied under this agreement; provided, however, that the Commission may terminate it at the end of the period of ten (10) years from the commencement date or at any subsequent date by six months or more previous notice in writing:

19. The Customer shall furnish to and deposit with the Commission security satisfactory to the Commission for the complete performance of this agreement by the Customer and shall at all times maintain the same in full force and effect so long as this agreement continues in force; such security may be in the form of a surety bond executed by the Customer and by a surety company satisfactory to the Commission or in the form of cash deposit or bonds satisfactory to the Commission; in the case of bonds as last mentioned, the Customer when not in default hereunder shall be entitled to the interest and interest coupons on the said bonds; if at any time the security deposited with the Commission shall become unsatisfactory to the Commission, the Customer upon request by the Commission shall promptly deposit security that is satisfactory to the Commission; the Customer, when not in default under this agreement, shall have the right at any time to change the security deposited with the Commission by substitution of surety bond, cash or bonds satisfactory to the Commission as aforesaid; upon any failure by the Customer to provide or maintain security as aforesaid the Commission shall not be obliged to reserve for or deliver any power to the Customer or having commenced shall not be obliged to continue; the amount of the security shall in the first instance be Twenty-five Thousand Dollars (\$25,000.00).

SCHEDULE C

to An Act respecting The Hydro-Electric Power Commission of Ontario, Steep Rock Iron Mines Limited and The Ontario-Minnesota Pulp and Paper Company Limited.

THIS AGREEMENT made in duplicate the 10th day of April, A.D. 1942, to be known as the Supplementary Agreement:

BETWEEN:

STEEP ROCK IRON MINES, LIMITED, hereinafter called the "Company"

OF THE FIRST PART

—and—

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO, hereinafter called the "Commission"

OF THE SECOND PART

WHEREAS by an Indenture of even date the parties hereto agreed for a supply of electric power and energy by the Commission to the Company at the Company's plant at its mining properties in the vicinity of Steep Rock Lake in the District of Rainy River, hereinafter called "The Steep Rock Power Agreement";

AND WHEREAS for the purpose of developing and operating its mining properties the Company proposes to dewater Steep Rock Lake and divert and interfere with the natural flow in the Seine River watershed, the said diversion and interference being hereinafter referred to as the "Seine Diversion";

AND WHEREAS the said Seine Diversion will render it impracticable for the Seine River Improvement Company Limited, a wholly owned subsidiary of The Ontario-Minnesota Pulp and Paper Company, Limited to operate a power development and power plant which the Seine River Improvement Company, Limited has constructed at the head of Steep Rock Lake in the said District of Rainy River which is hereinafter referred to as the Moose Lake plant, and the Commission has at the request of the Company, by an agreement of even date, hereinafter called the "Replacement Power Agreement", agreed to supply power to the said Ontario-Minnesota Pulp and Paper Company, Limited, to replace the power which the Seine River Improvement Company, Limited has been developing and would otherwise develop at its said Moose Lake plant for the purposes of The Ontario-Minnesota Pulp and Paper Company, Limited, the amount of such power being ten thousand five hundred horsepower (10,500 h.p.) subject to variation as appears in the said Replacement Power Agreement; and also in another eventuality to supply additional power called Supplementary Power, as therein set forth;

AND WHEREAS in the event that the Company should make default in its obligations hereunder, the Commission might still be obliged to furnish power to The Ontario-Minnesota Pulp and Paper Company, Limited under the said Replacement Power Agreement; and whereas it has been agreed by the Company and The Ontario-Minnesota Pulp and Paper Company, Limited and the Seine River Improvement Company, Limited that the said plant should be maintained in such manner that it may be restored to operation again should the natural waterflow in the Seine River through Steep Rock Lake be restored, and it has been agreed by The Ontario-Minnesota Pulp and Paper Company, Limited with the Commission that upon restoration of the said natural waterflow the Commission shall be relieved from its obligation to supply power to The Ontario-Minnesota Pulp and Paper Company, Limited at its said plant, and it is therefore expedient that the Commission should be enabled of its own

accord to restore the said natural waterflow in the event of the Company making default in its obligations to the Commission under the said power agreement or hereunder;

AND WHEREAS in order that the Commission may make delivery of power to the said Company under the Steep Rock Power Agreement and make delivery of power to Ontario-Minnesota Pulp and Paper Company, Limited under the said Replacement Power Agreement it is necessary that a transmission line be constructed from the Commission's Port Arthur Transformer Station, at or near the City of Port Arthur in the Province of Ontario, to the said Moose Lake plant, and certain terminal facilities at the said Port Arthur Transformer Station and Moose Lake plant be installed, and it has been agreed that the said line and terminal facilities should be constructed and operated as hereinafter set forth;

AND WHEREAS it is hereinafter agreed that ownership of the said transmission line after construction thereof shall be vested in the Company; and whereas it is expedient that in order to fulfil its obligations in respect of the delivery of power under the said Replacement Power Agreement the Commission should be able to use the said transmission line;

AND WHEREAS the Company has agreed to pay to the Commission from time to time and at all times during the continuance of these presents all power bills properly rendered to it by the Commission for replacement power under the said Replacement Power Agreement at the rate of nineteen dollars (\$19.00) per horsepower per annum:

NOW THEREFORE THIS INDENTURE WITNESSETH that in consideration of the premises and the agreement by the Commission to supply replacement power to The Ontario-Minnesota Pulp and Paper Company, Limited, which the Company would otherwise be obliged to supply, or make arrangements in respect thereof and for the other considerations herein contained, the Parties hereto covenant, promise and agree each with the other as follows:—

1. THE COMPANY AGREES:

That it will from time to time and at all times during the continuance of these presents whenever bills are properly rendered to it by the Commission, and within twenty (20) days from the date of receipt thereof pay to the Commission for all replacement power supplied to The Ontario-Minnesota Pulp and Paper Company, Limited, under the Replacement Power Agreement at the rate of nineteen dollars (\$19.00) per horsepower per annum, the amount of such power being calculated according to the provisions of the said Replacement Power Agreement and also all monies and cost which the Commission shall have been required to pay or incur under clauses 25, 27 and 30 of the said Replacement Power Agreement:

2. THE COMPANY AGREES:

That if at any time it makes default in respect of its agreements, covenants, premises or obligations contained in the Steep Rock Power Agreement made by it with the Commission or contained in these presents, and such default continues for a period of one month after the Commission shall have given notice to the Company requiring that such default be remedied on or before a date specified in the said notice the Commission may and the Company hereby grants to the Commission the right to restore the normal waterflow in the said Seine River through Steep Rock Lake and to enter upon the Company's lands and premises for that purpose and remove and/or destroy such of the Company's works and properties as may be necessary for that purpose and/or to construct such works and perform such operations upon the Company's lands and premises as are necessary for that purpose, and the Company agrees that it will make no claim or demand against the Commission in respect of anything relating to or arising therefrom, and will indemnify and save harmless the Commission from all claims and demands of other persons arising therefrom;

The Company will obtain such title to such lands as is necessary to enable the Commission to effect the restoration of the said normal water-

flow and will continue to hold such title during the full term of this agreement:

3. It is agreed that the Commission shall construct for the Company a suitable transmission line and provide a right of way therefor from the Commission's said Port Arthur Transformer Station to the said Moose Lake plant in order to facilitate the transmission of power from its said transformer station to the Company's mining properties at Steep Rock and the delivery of power under the said Replacement Power Agreement; and the Company will pay to the Commission the total cost and expense thereof and permit the Commission to use it free of charge for delivery of replacement power under the said Replacement Power Agreement; During the term of this agreement the Company will also permit the Commission at all times to use the said line for supplying power to customers other than the Company and for the supply of power other than replacement power to The Ontario-Minnesota Pulp and Paper Company, Limited in consideration of payment to it by the Commission of the following rentals, viz.:

- (a) For the first one thousand horsepower (1,000 h.p.) of power supplied to The Ontario-Minnesota Pulp and Paper Company, Limited in addition to the replacement power required to be supplied under the Replacement Power Agreement there shall be no rental;
- (b) For all further power supplied to The Ontario-Minnesota Pulp and Paper Company, Limited in excess of the said one thousand horsepower (1,000 h.p.), not being replacement power, and for all power supplied to customers of the Commission other than The Ontario-Minnesota Pulp and Paper Company, Limited in the vicinity of Steep Rock Iron Mine at an annual rental calculated at the rate of four dollars and forty cents (\$4.40) per horsepower;

The ownership of the said transmission line and right-of-way shall vest in the Company:

4. It is agreed that the Commission will purchase and install all terminal equipment such as relays, switching, lightning protection and synchronous condensers necessary or convenient to enable power to be delivered to the Company and under the Replacement Power Agreement to The Ontario-Minnesota Pulp and Paper Company, Limited, and to enable the power plants of the Seine River Improvement Company, Limited at Fort Frances, Calm Lake and Sturgeon Falls to be operated in parallel with the Commission's system and equipment to enable The Ontario-Minnesota Pulp and Paper Company, Limited to receive and control power under the Replacement Power Agreement without interfering with the power operations of The Seine River Improvement Company, Limited, and/or the Company, and the Company will pay to the Commission the total cost and expense thereof:

Ownership of the said equipment referred to in the immediately preceding paragraph shall be vested in the Company:

It is agreed that if necessary to use the electric generators at present installed in the said Moose Lake plant as synchronous condensers, the Company will pay the total cost, expense and rentals involved therein.

5. The said transmission line and equipment shall be operated and maintained by the Commission or by the Commission's nominee, and the Company shall reimburse the Commission for the full cost of operation, maintenance and administration expenses incurred in respect thereof. Without limiting the generality of the foregoing the Company shall bear the expense of public liability and property damage and casualty insurance, also any additional insurance which the Company may instruct the Commission to place, or the Commission in its discretion shall procure, in respect of the maintenance and operation of the said line and terminal equipment, and Workmen's Compensation assessments and rates; the payment of the said cost shall be made monthly by the Company within twenty (20) days after receipt from the Commission of the bill therefor:

6. THE COMPANY AGREES:

That so long as the operations of the Moose Lake plant are suspended it will not permit or suffer any buildings or erections to be constructed or maintained within the basin of Steep Rock Lake except such buildings or erections as may be necessary for its own operations, and in particular will not permit the erection of any quarters or dwellings for staff or others, and that upon default by the Company under the said Steep Rock Power Agreement or hereunder the Company will within such time as shall be prescribed by the Commission remove or cause to be removed from the basin of Steep Rock Lake all buildings, machinery, equipment, plant and chattel property, and in default of such removal the Steep Rock Company shall assume all damage sustained by any such property so remaining upon the premises and shall also remove or cause to be removed any obstruction or works which may have been placed in Steep Rock Lake or at its outlet in connection with the dewatering of the said lake or with operations of the Company therein which would affect the restoration of the normal waterflow of the Seine River Waters through the said lake and at the same time shall remove such protective works as may have been placed in Moose Lake or in the water passages leading to the Moose Lake plant if such removal shall be requested by the Commission:

7. The Company shall furnish to and deposit with the Commission security satisfactory to the Commission for the complete performance of this agreement by the Company and shall at all times maintain the same in full force and effect so long as this agreement continues in force; such security shall be in the form of a cash deposit or bonds of the Dominion of Canada or Province of Ontario. The Company when not in default shall be entitled to such Bank interest on cash deposited as security as the Commission procures for the same when on deposit and such interest on the Dominion of Canada bonds and/or on the Province of Ontario bonds as shall be paid thereon by the Dominion of Canada or the Province of Ontario respectively. The amount of such security shall be Six Hundred Thousand Dollars (\$600,000.00).

8. THE COMPANY AGREES:

Without limiting the power or right of the Commission to resort to the security specified in clause 7 for complete performance of this agreement by the Commission, the Commission may have recourse to the said security to indemnify itself against and reimburse itself for any and all law costs to which it may be rendered liable by reason of any matter or thing arising from these presents, the said power agreement with the Company, any agreement relating to Replacement Power, and also in respect of all cost and expense which it may incur in respect of restoring the normal waterflow in the said Seine River through Steep Rock Lake:

9. This agreement shall not become binding upon the parties unless and until an Act of the Legislature of the Province of Ontario shall be passed at the present session of the Legislature confirming and validating this agreement and certain other agreements of even date, short particulars of which are as follows:

- (a) contract between The Hydro-Electric Power Commission of Ontario and The Ontario-Minnesota Pulp and Paper Company, Limited and The Seine River Improvement Company, Limited dated the 10th day of April, 1942, relating to the supply of power to The Ontario-Minnesota Pulp and Paper Company, Limited and other matters as therein provided;
- (b) contract between The Hydro-Electric Power Commission of Ontario and Steep Rock Iron Mines Limited dated the 10th day of April, 1942, relating to the supply of power to Steep Rock Iron Mines Limited and other matters as therein provided;
- (c) contract between Steep Rock Iron Mines Limited and The Ontario-Minnesota Pulp and Paper Company, Limited and The Seine River Improvement Company, Limited dated the 10th day of April, 1942, relating to certain obligations undertaken by Steep Rock Iron Mines Limited and other matters as therein provided;

and given Royal Assent, whereupon this agreement shall become binding and shall have effect in accordance with its terms.

Provided that when this agreement has become binding in accordance with the foregoing it shall continue in force until the termination of the said Steep Rock Power Agreement between the Company and the Commission and the Replacement Power Agreement, or whichever of the said two agreements continues in force for the longer period:

SCHEDULE D

to An Act respecting The Hydro-Electric Power Commission of Ontario, Steep Rock Iron Mines Limited and The Ontario-Minnesota Pulp and Paper Company Limited.

THIS AGREEMENT made in duplicate the 10th day of April, 1942.

BETWEEN:

THE ONTARIO-MINNESOTA PULP AND PAPER COMPANY LIMITED (hereinafter called "the Ontario-Minnesota Company")

OF THE FIRST PART

STEEP ROCK IRON MINES LIMITED (hereinafter called "the Steep Rock Company")

OF THE SECOND PART

—and—

THE SEINE RIVER IMPROVEMENT COMPANY LIMITED (hereinafter called "the Seine River Company")

OF THE THIRD PART

WHEREAS the Ontario-Minnesota Company has entered into or is about to enter into a contract of even date herewith between The Hydro-Electric Power Commission of Ontario and the Ontario-Minnesota Company to which the Seine River Company is also a party (hereinafter referred to as "the Hydro—O-M power contract") providing among other things for the supply to the Ontario-Minnesota Company by The Hydro-Electric Power Commission of Ontario (hereinafter called "the Commission") free of charge of replacement power as in said agreement defined and provided;

AND WHEREAS there are certain other matters referred to or arising out of the said agreement which the parties hereto have agreed should be the subject matter of this present agreement;

NOW THEREFORE THIS AGREEMENT WITNESSETH that in consideration of the premises and other good and valuable consideration the receipt of which is hereby acknowledged, it is hereby agreed by and between the parties hereto as follows:

1. The Steep Rock Company in the exercise of such rights as may be conferred upon it by the Minister of Lands and Forests or which it may otherwise obtain to construct the Seine Diversion as defined in the Hydro—O-M power contract will so control or cause to be controlled the construction of the Seine Diversion that the operation of the Moose Lake plant and the flow of water through the Moose Lake plant will not be interfered with, except subject to the conditions and as contemplated in the Hydro—O-M power contract and in particular will at all times cause such construction of the Seine Diversion to be carried on subject to the orders of and the control of the Commission to the extent if any that the Commission may wish to direct.

2. The Steep Rock Company will not permit the gates of the Seine Diversion to be opened or otherwise permit water to pass through the Seine Diversion prior to the completion thereof unless and until it shall have been authorized and directed so to do by the Commission, and agrees upon the completion of the Seine Diversion to turn over the control and operation of the Seine Diversion to the Ontario-Minnesota Company as and when directed by the Commission.

3. The Steep Rock Company agrees that so long as the operation of the Moose Lake plant shall be suspended under the terms of the Hydro—O-M power contract, the Ontario-Minnesota Company or any corporation or person succeeding to the ownership of the Seine River properties shall have the continued right to operate and control the gates of the Seine Diversion, and thereafter until the balanced flow of the Seine River through Steep Rock Lake is restored shall together with the Commission have joint control of said gates; such operation and control to be at the sole expense of the Ontario-Minnesota Company or of its successor or transferee, but with the obligation on the part of the Steep Rock Company as may be required by the Commission at its own expense to maintain or cause to be maintained the said gates and control works and water passages of the Seine Diversion during the period within which the operation of the Moose Lake plant shall be suspended, and that at the expiration of the aforesaid period of joint control the Seine Diversion may be permanently closed against the discharge through the said Seine Diversion of the waters of Moose Lake.

4. On the entering into of the Hydro—O-M power contract the Ontario-Minnesota Company has claimed that the replacement power to be furnished to the Ontario-Minnesota Company thereunder will not adequately compensate the Ontario-Minnesota Company for certain disadvantages in contemplation or apprehended or not now in contemplation but which may arise as a result of the disturbance in the operation of the Seine River properties and the arrangement entered into in connection therewith as set out in the Hydro—O-M contract, the nature and effect of which disadvantages it is not now possible fully to determine. The Steep Rock Company agrees that it will, on the request of the Ontario-Minnesota Company on the expiration of five years from the date hereof, appoint a representative to act with a representative to be appointed by the Ontario-Minnesota Company to determine what additional provision, if any, should be made by the Steep Rock Company to compensate the Ontario-Minnesota Company for such disadvantages as aforesaid and the anticipated continuance thereof during the life of the Hydro—O-M power contract. If such representatives shall agree upon the amount of such provision, if any, or that under the circumstances no such provision need be made, such agreement shall be final and binding on the parties. If such representatives fail to reach such agreement within sixty days of the making of the request aforesaid or if at the request of the other either party shall have failed to appoint a representative, either party may request an appointee of the Commission to join with the representative or representatives so appointed in such determination and the decision of the persons so appointed or a majority thereof shall be final and conclusive and binding on the parties. Any provision agreed upon or determined upon as aforesaid shall be expressed as a sum of money and the Ontario-Minnesota Company shall have the option of requiring such sum to be paid to it in cash or at its election to be satisfied by the delivery by the Commission to the Ontario-Minnesota Company of additional replacement power without charge to the Ontario-Minnesota Company. Such additional replacement power shall, however, for the purposes of satisfying such provision be calculated as having a value of \$19 per horsepower per annum and may be taken by the Ontario-Minnesota Company at such times and in such quantities as may be agreed between the Ontario-Minnesota Company and the Commission. Such agreement or determination as aforesaid shall finally dispose of all claims of the Ontario-Minnesota Company for additional provision in respect of the matters aforesaid.

5. The Ontario-Minnesota Company hereby agrees that the complete performance by the Commission of its obligations under the Hydro—O-M power contract and the observance by the Steep Rock Company of its agreements and obligations hereunder will be accepted by the Ontario-Minnesota Company in full satisfaction of all claims which it might assert by reason of the disturbance of and damage to the operation of the Seine River properties in accordance herewith and in accordance with the provisions of the Hydro—O-M power contract including the loss of power to the Ontario-Minnesota Company.

6. The Ontario-Minnesota Company agrees that it will within three months after the close of each fiscal year commencing with the year in which the operation of the Moose Lake plant shall be suspended and

continuing so long as the operations of the Moose Lake plant shall be suspended present to the Steep Rock Company a statement in reasonable detail showing the amount of the savings resulting from the discontinuance of the operation or from the restricted operation of the Moose Lake plant over the expense which would have accrued had the full operation thereof been continued during the whole of such year. Such savings shall include such reasonable expense for normal maintenance of the existing Moose Lake dam and works appurtenant thereto as may be incurred by the Steep Rock Company, but any credit given to or withheld from the Steep Rock Company in respect of such item shall not affect or diminish its obligations and liability under paragraph 7. The Steep Rock Company shall be entitled to examine the books and records of the Ontario-Minnesota Company to establish the correctness or otherwise of such statement, and, if the correctness of such statement is disputed by the Steep Rock Company, the Steep Rock Company shall be entitled within thirty days after the receipt of such statement by it to have the said statement and supporting data reviewed by a representative of the Commission, whose decision shall be final. The amount of the savings shown by such statement or the amount determined by such representative of the Commission, as the case may be, shall be paid by the Ontario-Minnesota Company to the Steep Rock Company within fifteen days from the date when the correctness of the statement is acknowledged or the amount is determined by the representative of the Commission, as the case may be.

7. The Steep Rock Company hereby assumes to the exoneration of the Ontario-Minnesota Company and the Seine River Company and any corporation or person succeeding to its ownership of the Seine River properties all liability for claims or suits of every character, by whomsoever asserted, arising or growing out of or based upon any escape of water from Moose Lake during the time in which the operation of the Moose Lake plant shall be suspended as provided in the Hydro—O-M power contract. The Steep Rock Company at its own expense will at all times cause Moose Lake dam and works appurtenant thereto and the substructure thereof and underlying rock and earth to be reinforced or otherwise protected and augmented to such extent as may be necessary to insure that there will be no substantial escape of water from Moose Lake into the area now occupied by Steep Rock Lake and will so long as the operation of the Moose Lake plant is suspended, maintain such protective works and shall be entitled at all reasonable times to enter upon the premises of the Ontario-Minnesota Company and of the Seine River Company for such purpose. The Steep Rock Company shall also be entitled from time to time at its own expense to erect and maintain other protective works designed to prevent or insure against the escape of water from Moose Lake into the area now occupied by Steep Rock Lake provided the same are consistent with the maintenance of such conditions as may be required in furtherance of the Hydro—O-M power contract. The Steep Rock Company further agrees that it will at its own expense hold harmless, defend and protect the Ontario-Minnesota Company and the Seine River Company and any corporation or person succeeding to its ownership of the Seine River properties against any and all claims or suits of every character by whomsoever asserted based upon escape of water as aforesaid.

8. The Steep Rock Company agrees that so long as the operations of the Moose Lake plant are suspended it will not permit or suffer any buildings or erections to be constructed or maintained within the basin of Steep Rock Lake, except such buildings or erections as may be necessary for its own operations and in particular will not permit the erection of any quarters or dwellings for staff or others and that in accordance with the provisions of the Hydro—O-M power contract the Steep Rock Company will within such time as shall be prescribed by the Commission remove or shall cause to be removed from the basin of Steep Rock Lake all buildings, machinery, equipment, plant and chattel property and in default of such removal the Steep Rock Company shall assume all damage sustained by any such property so remaining upon the premises and shall also remove or cause to be removed any obstruction or works which may have been placed in Steep Rock Lake or at its outlet in connection with the dewatering of the said Lake or with operations of the Steep Rock Company therein which would affect the restoration of the normal flow of Seine River waters through the said Lake and at the same time shall remove such protective works as may have been placed in Moose Lake or in the water

passages leading to the Moose Lake plant if such removal shall be requested by the Commission or by the Ontario-Minnesota Company.

9. The Steep Rock Company agrees that it will at the expense of the Ontario-Minnesota Company from time to time support and/or concur in any application made by the Ontario-Minnesota Company and/or the Seine River Company while the Hydro—O-M power contract is in force for the renewal of any rights or privileges affecting the Seine River properties including in particular any renewal or renewals of water power lease No. 28.

10. This agreement shall not become binding upon the parties unless and until an Act of the Legislature of the Province of Ontario shall be passed at the present session of the Legislature confirming and validating this agreement and certain other agreements of even date, short particulars of which are as follows:

- (a) contract between The Hydro-Electric Power Commission of Ontario and The Ontario-Minnesota Pulp and Paper Company Limited and The Seine River Improvement Company Limited dated the 10th day of April, 1942, relating to the supply of power to The Ontario-Minnesota Pulp and Paper Company Limited and other matters as therein provided;

and given Royal Assent whereupon this agreement shall become binding and shall have effect in accordance with its terms.

The benefit and obligation of this agreement shall enure to and be binding upon the successors and assigns of the parties.

IN WITNESS WHEREOF this agreement has been executed by the parties hereto under their respective corporate seals.

WHEREAS By-law Number 7151, passed by the Township of York in 1923 in pursuance of *The Local Improvement Act*, provided for charging the full cost of construction of a bridge known as Governor's Bridge, amounting to \$117,704.56 to that part of Township lot 15 in the Second Concession from the Bay as subdivided by Registered Plan 1731 and subsequently re-subdivided by Plan 2398 by assessing over a period of thirty years a proportion thereof as the owner's share and by assessing the Corporation's share as a special rate over the whole area.

THEREFORE BE IT ENACTED by the Council of the Township of East York as follows:

THAT the Corporation of the Township of East York assume, in lieu of the share of the said local improvement which the Corporation would have paid initially had it been so provided by By-law Number 7151 of the Township of York, the owner's portion and the area's portion of the balance of the cost of the said local improvement known as Governor's Bridge as provided by By-law Number 7151 of the Township of York, and that from and after the 1st day of January, 1942, no further amount be assessed against the lands and premises of the area hereinabove defined as owner's portion or area's portion for defraying the cost of the said Governor's Bridge but that the balance of the cost of such local improvement be paid by the Corporation of the Township of East York.

CHAPTER 46.

An Act respecting the City of Guelph.

Assented to April 15th, 1942.

Session Prorogued April 16th, 1942.

WHEREAS the Corporation of the City of Guelph has ^{Preamble.} by its petition represented that on the 20th day of April, 1931, by-law number 2087 was passed by the council of the said City to provide for borrowing certain sums of money for the purposes of constructing certain concrete cement pavements on certain streets in the said city, which pavements were constructed in the year 1930; and that included in the said construction were certain pavements on Suffolk Street, Arnold Street, Paisley Street and Edinburgh Road from which the tracks of the Guelph Street Railway had been removed and the cost thereof was levied for a period of ten years commencing in the year 1931 as a local improvement charged against the ratepayers whose land fronted on such area on the said streets, and that in respect thereof the provisions of *The Local Improvement Act* were complied with; that similar tracks of the Guelph Street Railway were removed in the year 1938 on other streets in the said city and paving operations were completed on such streets, the cost of which paving, under authority of the said council, was charged to the general tax rate and not as a local improvement; that it is alleged by the said ratepayers that they have been unfairly dealt with and that the cost of paving the said streets first mentioned should have been paid out of the general tax rate; that the sum of \$6,954 has been levied against the said ratepayers as their share of the cost of the said paving; that it is deemed expedient to refund to the said ratepayers, their heirs, executors, administrators and assigns, the various amounts so paid; that in order to meet such payments it is deemed expedient to raise the money so required by providing for the same in the estimates for the general tax rate for the year 1942 and to levy the said sum in the year 1942 and that a by-law authorizing such payments to the said ratepayers, their heirs, executors, administrators and assigns, whose names appear in Schedule "A" to the said by-law number 2087, be passed without submitting the question to the electors qualified to vote on money by-laws; whereas the said Corporation by its petition has prayed that an Act may be passed for such purpose; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Power to
pass special
by-law.

1. Notwithstanding the provisions of any other Act, the Corporation of the City of Guelph may, without the assent of the electors qualified to vote on money by-laws, pass by-laws for refunding to the ratepayers, their heirs, executors, administrators or assigns whose properties front on those parts of Suffolk Street, Arnold Street, Paisley Street and Edinburgh Road in the City of Guelph on which the tracks of the Guelph Street Railway were formerly laid and which are now paved and against whom the cost of such paving has been levied as a local improvement, the amounts provided in Schedule "A" to by-law number 2087 of the said Corporation and which are set forth as Schedule 1 to this Act.

Commence-
ment of Act.

2. This Act shall come into force on the day upon which it receives the Royal assent.
